FOR IMMEDIATE RELEASE

BREAKING NEWS

Dear Friends:

I am pleased to announce that as of today, Allied Waste (BFI) has voluntarily stopped accepting radioactive waste at the Middle Point Landfill.

As your state representative, I have been on the forefront of this issue and I have spent countless hours in meetings, hearings and phone conferences. During the final day of session, I was successful in passing legislation that placed a moratorium on the dumping of radioactive waste at the Middle Point Landfill. The moratorium remained in effect until the State's Solid Waste Advisory Committee could review the process.

But my work is not done. In January, I will introduce legislation to outlaw the practice of accepting radioactive waste in all Tennessee landfills.

To see channel 4's continuing coverage, tune in to the Scene at Ten tonight or visit www.WSMV.com.

It has been a privilege serving you in the Tennessee House of Representatives for the last seven years.
